

(JUNIOR) PROJECT LEADER (m/w/d)

Are you ready to work with top-level decision makers and business unit executives in the automotive industry? Moreover, do you have an entrepreneurial personality that you have already proven? Are you ready to lead a team of 2-4 consultants and help them unlock their full potential? Do you have a good understanding of how the automotive industry works and of external developments that may impact our clients' businesses? Do you have enthusiasm for automobiles and are looking for a consulting firm where you can prove yourself and quickly develop your career in a great team? Then it is time to join SAC!

We offer you an exciting and challenging opportunity in a performance-oriented environment and a top management consulting context. SAC combines in-depth expertise for the automotive industry with state of the art consulting skills and provides you with the opportunity to make the most out of your personal potential. Join our team to build our clients' and your personal success.

About SAC

SAC is a Munich-based top management consultancy with an international footprint. As an established partner of the automotive industry, we support our clients in developing deeper perspective and we implement sustainable and substantial performance improvements. Our clients value our expertise, particularly in the following areas:

- Automotive transformation
 - Electromobility
 - Mobility services
 - Digitization
 - Autonomous driving
- Corporate and growth strategy incl. M&A
- Brand and product development / strategy

Your profile

We are looking for people who enjoy working in teams and developing creative and intelligent solutions. Ideally your profile contains:

- Exceptional intellect and analytics with an outstanding academic background (Ph.D. or MBA advantageous)
- Proven track record in a strategy consulting firm and/or in line management functions of an industrial company, ideally in the automotive sector
- International experience
- Strong commitment and ability to work in a team
- Excellent communication skills to clearly, confidently and convincingly present and discuss business strategies at the board-level
- Curiosity, dedication and passion for automobiles
- Flexibility and willingness to travel
- Strong customer orientation with the ability to embrace a value system centered around high quality, fact-based strategies and strong, trust-based interpersonal relationships

Your position

Within SAC you usually work at the client on exciting and diverse projects in a top team. As (Junior) Project Leader (m/w/d) you are the key person at the client that manages the entire process. In consultation with your principal/partner you lead the interaction with the client and develop the best possible solution. This role requires strategic vision and a good understanding of automotive business strategies and how technologies can be leveraged to create value for the client. It will be your responsibility to guide and develop the team members, to manage the work packages and to ensure a convincing and impactful synthesis.

Through individual coaching from your principal/partner, we unlock your maximum potential. Therefore, you will receive high quality trainings tailored to your personal needs and development.

We live an active and open culture with regular corporate events (e.g. Nürburgring with our company race car, summer camp). Last but not least, we offer you competitive compensation with an individual performance-based bonus.

Please send your complete application (cover letter, CV, certificates/references) in German or English preferably via email.
